Waverley Vanity, Prime Oak
Margot Basins, Matte White

Added value

All of our vanities come with a **FREE** Chrome Universal Plug & Waste.

Custom made to your design

Choose from a wide variety of cabinet and benchtop colours, giving you endless combinations to find the style that's perfect for you. We can custom make most of our products to your specifications as our cabinets and benchtops are manufactured in-house.

We grain match all of our woodgrain cabinets

The woodgrain pattern runs continuously across all the door/drawer fronts of your vanity, creating a seamless and realistic timber look. It's these details that set us apart from our competitors.

Bathroom Design by Loni Parker at Adore Magazine

Proudly Australian Made

As a family owned Australian business, Architectural Designer Products has come a long way since its humble beginnings in 2001. CEO Andy's creativity and drive has led ADP to become Australia's largest and most innovative bathroom furniture manufacturer.

Located on the South Coast of NSW, our talented team at ADP manufacture every piece with pride and precision.

ADP is proud to be in the homes of many Australians, creating functional and timeless bathrooms and laundries.

A family owned Australian business

Our people are our greatest strength

With a team that comprises of experienced designers, craftsman and sales representatives, you can trust in our quality products and service.

10 Year Warranty on cabinetry

We believe our warranty is proof of our ongoing commitment to supply quality products. However, if something does go wrong, our highly trained team are here to help.

ADP is committed to a sustainable future

All ADP cabinets are made from PEFC Certified Australian board sourced from sustainably managed forests. Our environmental philosophy drives every aspect of our manufacturing process as we strive to minimise waste and maximise efficiency.

Bathroom Collection

The Bathroom collection encompasses a range of vanities, mirrored cabinets, basins, mirrors, baths and more. After many years of experience in this space, ADP naturally expanded to include a Tapware and Laundry Collection.

Tapware Collection

After many years of designing bathroom furniture, we've used this knowledge and experience to build a tapware collection that pairs perfectly with vanities and basins. The range includes bathroom tapware, accessories, plumbing, kitchen and laundry sink mixers.

Laundry Collection

ADP's next focus was to create laundries that you wouldn't want to close the door on. This Laundry Division boasts a versatile collection of cabinetry, sinks and laundry accessories.

Elevated Living Collection

Designed by Alisa & Lysandra

ADP has collaborated with industry-leading designers Alisa & Lysandra to launch the latest collection in elevated bathroom design.

Taking inspiration from modern interior trends and timeless design details, the ADP x A&L range delivers understated elegance with a contemporary twist.

The Elevated Living collection aims to bridge the gap between availability and the design-conscious, allowing you to achieve the designer look without compromising on long lead times and price.

Moulded Tops

Our moulded tops come in many different materials, choosing which is best often comes down to personal preference but it also depends on how the vanity will be used. Here is our guide explaining the difference between materials so you can make the choice that is right for you and your needs.

Ceramic Moulded Tops

Ceramic vanity tops are made from porcelain that is glazed with enamel, created through moulding techniques that give a classic finish.

- Hygienic and easy to maintain
- Heat resistant
- Will not discolour
- High scratch resistance
- Integrated overflow
- Limited range of sizes
- Size and surface variations are to be expected due to the nature of the material and manufacturing process
- Susceptible to chipping and cracking due to impact
- Cannot be repaired
- 5 year warranty

Solid Surface Moulded Tops

Solid Surface is made from a durable mix of high performance acrylic resins.

- Hygienic and easy to maintain
- Very easy to repair if scratched
- Non-porous and better stain resistance than natural stone
- Crack and chip resistant
- Does not require sealing or treating
- Can be drilled on site with normal hole saw
- Developed to withstand heat, chemicals, moisture and impact
- May scratch easier than Quartz stone
- 10 Year Warranty

Cast Marble Moulded Tops

Cast marble tops are moulded using a heavy polymer resin, mixed with a crushed marble. They are then coated with a durable gel coat.

- Hygienic and easy to maintain
- Consistent surface with minimal warping or imperfections
- Durable
- Stain resistant
- Available in a large range of sizes
- Overflow available on selected styles
- Easy to repair if scratched or chipped
- Less susceptible to chipping than ceramic
- 7 Year warranty

Benchtops

Our benchtops come in a wide variety of colours and patterns, allowing you to create a unique look by pairing it with your favourite basin style. Here is our guide explaining the difference between materials so you can make the choice that is right for you and your needs.

Cherry Pie Premium Solid Surface

Cherry Pie is made from a durable mix of high performance acrylic resins. It comes in a variety of colours and has a realistic natural stone appearance (where applicable). **Cherry Pie is free of crystalline silica.**

- Hygienic and easy to maintain
- Very easy to repair if scratched
- Non-porous and better stain resistance than natural stone
- Crack and chip resistant
- Does not require sealing or treating
- Can be drilled on site with normal hole saw
- Can be made to any size, making it ideal for custom sizes
- May scratch easier than other benchtop materials
- 10 Year Warranty

Durasein Solid Surface

Durasein is made from pure acrylic solid surface material. It comes in a variety of colours and has a realistic natural stone appearance. **Durasein is free of crystalline silica.**

- Hygienic and easy to maintain
- Very easy to repair if scratched
- Non-porous and better stain resistance than natural stone
- Crack and chip resistant
- Does not require sealing or treating
- Can be drilled on site with normal hole saw
- Can be made to any size, making it ideal for custom sizes
- May scratch easier than other benchtop materials
- 10 Year Warranty

Caesarstone®

One of Australia's most recognised brands in benchtop surfaces, Caesarstone's Mineral collection is crystalline silica free, formulated with a unique blend of materials. **Caesarstone is free of crystalline silica.**

- Hygienic and easy to maintain
- Non-porous
- Scratch and chip resistant
- High heat resistance
- Is cold to touch like natural stone
- Can be made to any size, making it ideal for custom sizes
- Can crack with high impact
- 10 Year Warranty

WARRANTY

NOTE: Unless otherwise stated warranties for ADP products are as follows:

PRODUCT	DOMESTIC WARRANTY	COMMERCIAL WARRANTY
Cabinets - Vanities, Tallboys & Ensembles, Mirrored Cabinets (excluding mirror)	10 years (1 year Parts & Labour)	1 year
Cherry Pie / Durasein	10 years (1 year Parts & Labour)	1 year
Acrylic Tops / Cast Marble Tops / Solid Surface Tops	7 years (1 year Parts & Labour)	1 year
Ceramic Moulded Tops	5 years (1 year Parts & Labour)	1 year
Solid Surface Basins	7 years (1 year Parts & Labour)	1 year
Ceramic Basins	1 year (1 year Parts & Labour)	1 year
Travertine Basins	5 years (1 year Parts & Labour)	1 year
Concrete Basins	3 years (1 year Parts & Labour)	1 year
Baths	7 years (1 year Parts & Labour)	1 year
Toilets	10 year (1 year Parts & Labour)	1 year
Mirrors (including mirrored surfaces on cabinets)	1 year (1 year Parts & Labour)	1 year
Hardware	7 years (1 year Parts & Labour)	1 year
Electrical / Lighting / Plumbing Fittings	1 year (1 year Parts & Labour)	1 year
Tapware		
Cartridge	15 years	1 year
Body (against manufacturing faults and flaking)	7 years	1 year
Parts and Labour	2 years	1 year
Bathroom Accessories	7 years	1 year

Our products come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure upon inspection by an authorised representative where a product is found to be defective in construction, material or assembly. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure, free of charge.

CONDITIONS

1. Items must be installed by a licensed tradesperson.
2. Failure is due to a fault in the manufacture of the product.
3. Proof of purchase is provided.
4. The installation of the product is in accordance with the instructions provided.

Please report any issues with your product within 48 hours of receiving your goods, no claims will be considered after this time. No claims for damages or wrong product will be recognised after installation.

EXCLUSIONS

To the fullest extent permitted by law, the manufacturer excludes all liability for damage or injury to any person, damage to any property and any indirect consequential or other loss or damage. Manufacturer will not be liable for the cost of installation or removal of any unit and the warranty will be VOIDED if damage occurred during or after INSTALLATION or a damaged or incorrect unit has been installed. Door and drawer adjustment; Unsuitable or improper use; Incorrect installation or installation not in accordance with the instructions provided; Installation or part installation by the purchaser or any person other than a LICENSED tradesperson; Normal wear and tear; Inadequate or complete lack of maintenance; chemical, electrochemical or electrical influences; excessive heat damage or Harsh detergents or abrasive cleaners used on product finishes, are NOT considered a warranty issue.

Acrylic, Ceramic, Solid Surface and Bamboo basins and tops have a maximum water temperature of 65°C, Cast Marble has a maximum water temperature of 70°C, water temperatures above this will void warranty.

CLAIM PROCEDURE

For all warranty queries customers are to contact the branch where the product was purchased (these details can be found on your purchase invoice) or go to www.adpastralia.com.au/warranty-support to submit a claim.

AN IMPORTANT NOTE ON BATHROOM VENTILATION

Good ventilation will save you thousands of dollars and keep your family healthy - mould can be a huge problem in bathrooms if they're not properly ventilated.

Moisture can be the root of all wet area products breaking down and failing, in particular your vanity and mirror. These products are usually water resistant not waterproof so it's important moisture does not build up which will mean your products will last longer, saving you money. Good ventilation is also key to achieve lower humidity in the room which will minimise bacteria growth and prevent mould and mildew. You'll have less mildew on your grout, walls and ceilings, and fewer mould spores to threaten your respiratory health.

Signs of poor ventilation include black spotting on mirrors, paint starting to flake on the ceiling, bubbling of paint coatings on fixtures, and furniture swelling. Evidence of mould or mildew is also a good indicator that your ventilation is not adequate.

The best sign that your ventilation is sufficient is that the mirror doesn't steam up and the tiled walls aren't wet. The best way to achieve this is to have a good exhaust fan that is correctly sized for the space, to do this you need approximately 50 cfm per toilet and 50cfm per shower or bath. Run the fan every time water is being used in the bathroom and run it for around 15 minutes after you shower. If you have a bathroom window, opening that daily (even in the chilly winter months) in addition to using the exhaust fan will help to keep your bathroom fresh and mould-free.

CARE & MAINTENANCE

If you cannot identify basin, top or cabinet material of your product, contact your merchant or see product information at www.adpaustralia.com.au.

TIPS

- ADP products are produced from materials that are well suited to the bathroom, however it is important that your bathroom has sufficient ventilation to avoid excessive moisture. High humidity will lead to permanent dampness and mould, resulting in deterioration of the materials.
- Care must always be taken to dry any excessive moisture or water spillage.

CABINETS

- To maintain the finish on your cabinet use only a soft cloth and weak solution of non abrasive detergent.
- To remove scratches, marks, etc. on two pack polyurethane, rub gently with car cutting compound, car polish or household brass/silver cleaner.
- Goods used in construction are water/moisture-resistant, but not water-proof.
- All cabinets should be installed at least 300mm away from showers or bathtubs to avoid water damage.

CAST MARBLE & ACRYLIC

- To maintain the finish on your Cast Marble or Acrylic top use only a soft cloth and weak solution of non-abrasive detergent.
- To remove scratches, marks, etc. rub gently with car cutting compound, car polish or household brass/silver cleaner.
- Cast Marble basins and tops have a maximum water temperature of 70°C, to avoid thermal shock - heat damage or crazing.
- Acrylic tops have a maximum water temperature of 65°C, to avoid thermal shock - heat damage or crazing.

CERAMIC BASINS AND TOPS

- To maintain the finish on your ceramic top use only a soft cloth and weak solution of non abrasive detergent.
- Due to the glazed surface of ceramic tops, scratches cannot be repaired or removed.
- Due to ceramic being a handcrafted product that is fired at high temperatures, some visual distortion may occur. This is not a defect but can be seen to add to the beauty of the product.
- Ceramic basins and tops have a maximum water temperature of 65°C, to avoid thermal shock - heat damage or crazing.

SOLID SURFACE / CHERRY PIE / DURASEIN / CAESARSTONE

- Wipe clean with a soft damp cloth or sponge.
- For basic stains clean with mild detergents. For **gloss and semi-gloss** surfaces you can use a non abrasive polish or Brasso. For **matte** surface use a scourer pad or scotch bright to maintain the matte finish.
- Cherry Pie, Durasein and Caesarstone benchtops have excellent heat and chemical resistant properties compared to other surfacing products, however to preserve the surface and protect against damage from heat, do not place hot items directly on the surface. Even though Cherry Pie, Durasein and Caesarstone can withstand high temperatures, prolonged periods or extreme heat can cause permanent damage.
- Solid Surface basins and tops have a maximum water temperature of 65°C, to avoid thermal shock - heat damage or crazing.

MIRRORS

FOR BEST RESULTS - use a slightly moistened microfibre cloth to remove dry dirt or grime, then buff clean with dry microfibre cloth or use a soft dry cloth with a tight weave (which is more soft and non-abrasive). This will leave you with a clean, smear-free finish. By using alkaline (ammonia) or acid (vinegar) based products you not only risk damaging the silvered backing of the mirror, but also tend to leave behind streaks and smears.

DO NOT USE WINDEX or other ammonia-based cleaning products such as glass cleaner. These may erode the mirror's silver backing. Be sure to read the label of any such cleaning products before use.

PROTECTION AGAINST 'BLACK-SPOTTING' - Alkaline, acid and moisture elements can cause the silvered backing of a mirror to darken, this is usually referred to as 'black-spotting'. **An easy way to protect your mirror against black-spotting is to ensure your bathroom is well ventilated** and regularly oil any exposed edges (i.e. polished or bevelled edges), using non-petroleum based oils (eg. sewing machine oil). This will act as a seal to protect against such elements. Always remember to keep your mirror dry and wipe off any water, moisture or steam. Don't forget to use the exhaust fan or open a window if you have one!

All ADP cabinets are made from PEFC Certified Australian board sourced from sustainably managed forests.

ADP in your home

ADP is proud to be in the homes of many Australians, creating functional and timeless bathrooms and laundries.
